How you can keep safe

Golden Lane Housing will make sure all the equipment that we have provided in your home is inspected and maintained in line with the manufacturer's recommendations and health and safety law.

To help us meet this requirement, and for your safety, you must allow our engineers into your property to assess your equipment.

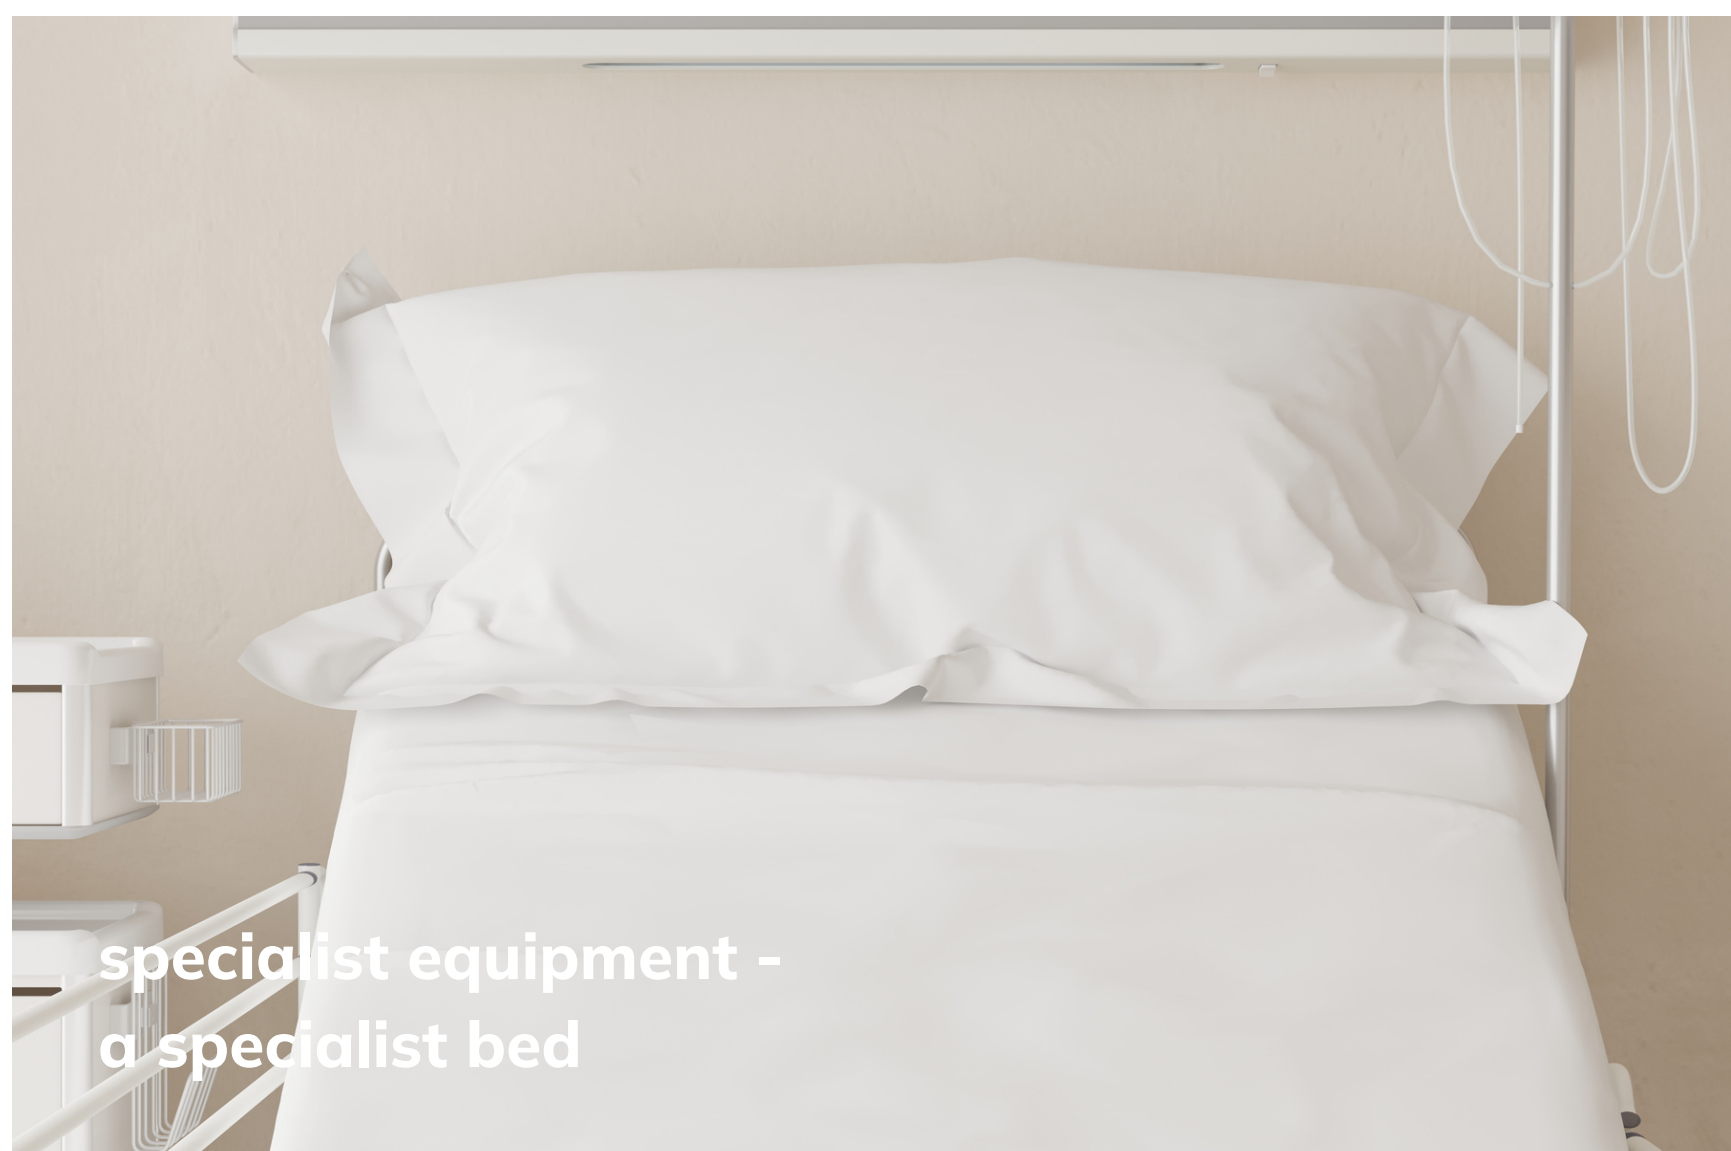

We will notify you, at least one month before your check needs to be done and arrange an appointment with you.

Golden Lane Housing sometimes supply equipment of a specialist nature these may be things like specialist beds, hoists and lifts within a building.

To make sure this equipment remains safe to use, Golden Lane Housing will regularly inspect and maintain it.
