A complaint is when someone says they're not happy or has a problem and they want it to be fixed.

In our complaints group tenants work together with Golden Lane Housing staff to share experiences, opinions and ideas.

Our tenants know best what works for them. So listening to your ideas helps Golden Lane Housing make important changes that helps tenants have better experiences.

Our survey group is a team of tenants who will answer surveys.

Joining our survey group is awesome because your opinions can help Golden Lane Housing understand how we are doing.

Our survey group lets us collect lots of information quickly and start making changes that are important to you!

We want to give you the skills you need to help you to complete online surveys. We will do this by giving tenants IT training to help you use computers and gadgets.

# Tenant Interview Panels

We want our tenants to help us interview new Golden Lane Housing staff.

We want you to decide if our new staff have Golden Lane Housing values.

Are they caring, honest, reliable, creative, and do they listen to tenants?

It is important that our tenants feel happy and comfortable with the people who work at Golden Lane Housing.

To make sure you feel ready to be part of our tenant interview panel we will give you interview training.

You will learn important skills like asking questions, listening well, and understanding people better.
